"WE SELL EVERYTHING."**TWO MAY DIE****From Injuries in Railway Wreck.**

Joplin, Mo., June 29.—Four persons were injured and many more badly shaken up in the wreck of a south-bound Kansas City Southern passenger train five miles south of Joplin at 3 o'clock this afternoon. The injured are: Frank Giddings, Neosho, Mo.; Postal Clerk W. T. Bird, of Kansas City; Postoffice Inspector Martin, of Joplin, and a man who refused to give his name. Giddings and Bird are so badly hurt that they will probably die.

The train which was behind time, was running at a high rate of speed when the accident occurred. The engine and tender jumped the track, followed by the baggage and smoking cars which were badly broken up. The track was torn up for a distance of 200 feet.

UNION MEN**PROTEST AGAINST PAUL MORTON'S APPOINTMENT****ORGANIZED LABOR'S FOE****Mass Meeting to Be Held Monday.**

Washington, D. C., June 29.—Paul Morton today announced by telegraph that he will be here on Friday and take the oath of office as secretary of the navy.

The Central Labor Union, of this city, will hold a mass meeting next Monday night to protest against the appointment of Mr. Morton. Representatives of workmen in various industries are here and will attend the meeting. It is urged that Mr. Morton, as second vice president of the Santa Fe system, was an enemy to the machinists and boiler makers and as vice president of the Colorado Iron & Fuel Co. he aided in driving union miners out of employment.

The chief purpose of the mass meeting is to arrange for such action as will compel President Roosevelt to increase the wages of the 1,400 machinists employed in the navy yard here. A petition was recently sent the president asking this increase and he promised to take the matter up with the new secretary of the navy. It is hoped the president will force the acquiescence of Mr. Morton in making this advance.
